

Instructions For ATV Permit

1. The **application fee is \$25.00**. The fee is an application service fee which pays for the inspection of your machine and is **NON REFUNDABLE**. Read the attached sheets before you complete an application to avoid any potential misunderstanding later on.
2. Complete the application (False information on the application is a crime and will be handled as such)
3. Make appointment with the Brillion Police Department for an inspection of your ATV. Inspections will be conducted at the availability of an officer to conduct it.
4. Upon successful completion of your inspection, you will be issued a set of ATV use stickers. The stickers must be attached to your machine before operation on City streets.

PLACEMENT OF STICKERS

Place one sticker on each side of the ATV ahead of the driver's position in a visible location. Do not block the view of your State Registration stickers when placing your ATV use permit stickers.

Placement of stickers

Clean the area before attaching stickers.
There is a \$5.00 charge for replacement stickers

Unsuccessful inspection will cause your issuance of ATV use stickers to be denied. You **MAY NOT** operate the ATV which failed inspection upon City streets.

NOTE: The abuse of the privilege to operate an ATV in the City of Brillion can be revoked. If your privilege to operate an ATV is revoked, you will not be issued another permit for that registration period.

Attached is a set of rules reminders and safety tips for operating an ATV in the City. We suggest that you read them and be aware of all laws pertaining to the operation of ATV's in the City of Brillion as you will be held responsible for knowing all related laws.

ATV's that are operated on pavement can be dangerous. Horseplay on an ATV will not be allowed.

You must use hand signals when turning or stopping on any city street. We suggest that when you intent to make a turn or stop, use your hand signal and then place both hands back onto the handle bars of the machine before making any maneuvers. If you try to turn or stop with only one hand on the controls you could be thrown off and serious injury could occur.
